Demographic Data

1. For which company do you work?

Please note that answering this question lowers your anonymity.

2. In which country do you work?

3. What is your professional experience in the automotive domain (in years)?

4. What is the company size of your employing company?

SME - enterprises which employ fewer than 250 persons and which have an annual turnover not exceeding 50 million euro, and/or an annual balance sheet total not exceeding 43 million euro.
(European Commission)

Large Company - enterprises which employ at least 250 persons

Research Institute/University - an establishment endowed for doing research, not as part of a company

- ☐ SME
- ☐ Large Company
- ☐ Research Institute/University
- ☐ Other:

5. What is your company's position in the value chain? (Multiple answers possible)

OEM - refers to a company that makes a final product for the consumer marketplace

First tier supplier - refers to a company that is a direct supplier to OEMs

Second tier supplier - refers to a company that is the key supplier to tier one suppliers

- ☐ OEM

- ☐ First tier supplier
- ☐ Second tier supplier
- ☐ Other (please specify)

6. Which task(s) describe best your role? (Multiple answers possible)

Architecture definition: We define architecture as the coarse grained structure of the system and how the different parts interact. An architectural configuration consists of independent components (software (including libraries) or hardware), interfaces of the components and connectors, which connect the components via their interfaces.

Design definition: In contrast to the architecture, the design is concerned with the details inside one component.

- ☐ Process improvement
- ☐ Organisation improvement
- ☐ Others (Please specify):

7. In which domain within the automotive industry do you work? (Multiple answers possible)

- ☐ Body Control
- ☐ Chassis
- ☐ Infotainment
- ☐ Powertrain
- ☐ Safety
- ☐ Others (please specify)

8. Please indicate how you get into contact with requirements. (Multiple answers possible)

- ☐ I write requirements for use within the company (please specify for whom)
- ☐ I write requirements for use outside of the company (please specify for whom)
- ☐ I receive requirements from within the company (please specify from where)
- ☐ I receive requirements from outside the company (please specify from where)
- ☐ Others (please specify)

9. Have you been interviewed regarding your Requirements Engineering practices by the author of this study (Grischa Liebel)?

- ☐ Yes
☐ No

Additional clarification for any of the above questions:
